WE'VE GOT YOU COVERED

Companies and individuals rely on the deep bench of our white collar defense and investigations team to provide effective guidance from compliance to defense. We specialize in cross-office collaboration to develop strategic solutions for our clients nationwide.

ONE TEAM COVERING ALL YOUR WHITE COLLAR NEEDS

INTERNAL INVESTIGATIONS

Our professionals have the skills and experience needed to conduct focused internal investigations in order to obtain the facts, assess potential civil and criminal liability, provide guidance on appropriate remedial measures, and work effectively with government authorities.

CRIMINAL DEFENSE

We believe that early intervention and robust interaction with government investigators is the most effective way to minimize business disruption and lay the groundwork for a successful outcome for the client. In cases where indictment or civil enforcement action is unavoidable, however, our white collar attorneys are experienced courtroom advocates, having first-chaired dozens of jury trials and argued numerous appeals.

CORPORATE COMPLIANCE

Our white collar team conducts confidential risk assessments in a wide variety of industries and assists clients in designing and implementing effective compliance programs targeted to the individual client's needs.

OUR TEAM INCLUDES LAWYERS WHO HAVE SERVED AS

- Presidentially appointed U.S. attorney
- Assistant U.S. attorneys
- SEC assistant regional director
- Senior SEC staff attorney
- State assistant attorney general
- State deputy prosecutors
